

# ***The Performance Solution™***

**In today's competitive marketplace you need to be qualified to differentiate yourself. You are a professional with a busy career and do not have time to attend traditional academic courses.**

**What if you could gain a fully accredited and recognised Business MA qualification without attending months of lectures but through Action Learning, solving current problems in your business whilst improving your own learning and performance?**

**Use your professional skills to gain a professional qualification, which is recognized and understood in the international arena.**

**The Performance Solution is proud to offer a selection of Business related MA qualifications by action learning, which are assessed, quality assured and awarded by the University of Kingston.**

- **PG Cert/ PG Dip/ MA in Business & Management Practice**
- **PG Cert/ PG Dip/ MA in Coaching and Mediation**
- **PG Cert/ PG Dip/ MA in Coaching Supervision**
- **PG Cert/ PG Dip/ MA in Professional Practice**
- **PG Cert/ PG Dip/ MA in Health Management**

**Post graduate qualifications earned while you learn at work, making a contribution to your organisation's success and assessed through Action Learning assignments and collaborative learning sets.**

## KEY POINTS

- Previous learning and experience may count towards a qualification and may enable you to enter at Diploma or even straight into Masters level
- Open to anyone with significant work experience relevant to the programme
- Provides a framework for organisations who wish to provide their own development activities and gain professional post graduate accreditation for their employees
- Every delegate gets a personal coach
- Prices are per stage per year. The quicker the stages are completed the lower the cost
- Any taught inputs can be done in-company, direct through TPS or by a variety of approved providers
- Enrolment is at any time and ratified by Kingston University on a quarterly basis
- Delegates become full students of University of Kingston with use their library, Athens account, for on-line journal access and their 'Blackboard' communication system / learning environment

## COURSE DETAILS

The ethos of Action Learning is outcome driven, what you achieve, rather than input driven, what lectures etc you have attended. The core framework of the course is therefore **your** Learning Contract. This is **your** plan for the learning outcomes that **you** will achieve in order to complete **your** programme of study. The Performance Solution will coach you through the process of developing your own personal contract that meets your learning requirements, your company's business needs and Kingston University's academic requirements. Once your learning contract is validated you then embark on your own self directed programme of learning, with coaching support from The Performance Solution, peer support from your fellow students and academic support from Kingston University.
