

Clean Language and Sandplay

This course is for coaches, NLP practitioners or therapists who are looking for a new way to work with clients.

Clean language is a way of working with individuals and groups that enables the coach, easily and elegantly to keep his/her own presuppositions, assumptions and metaphors out of the conversation, as far as possible, avoiding leading the client and so enhancing work with the client's perceptions at the very deepest level.

This technique can be used with, or separately to, Sandplay. The technique of Sandplay allows you to work with clients in a safe environment where issues can be externalized through metaphor and can be literally overcome.

The metaphor techniques you will learn on this 2-day course will help you to see into your client's world while remaining outside of it.

These metaphor techniques have a variety of uses which include:

- Highly confidential coaching, mentoring & exploration,
- Creative coaching & mentoring,
- facilitation of teams,
- Market research and focus groups,
- Academic research,
- Strategic visioning & blue sky thinking.

Designed by award winning coach and mentor, Sally Vanson and supported by professional trainers. Sally is one of ONLY 2 trainers in the UK & only 22 in the world licensed to use the materials and logo of Robert Dilts and NLPU, Santa Cruz.
